## INDUSTRIAL PROFESSIONALS

### Here's How We Deliver Qualified PIT Operators To Your Company

Our certified trainer will:

- Conduct the OSHA compliant classroom training at our training center
- Administer a written test and record the results for verification and compliance purposes
- Conduct hands-on evaluation of the operators on different types of powered industrial trucks
- Provide the operators with a forklift certification card identifying the types of PIT's on which the operators demonstrated proficiency

*Forklift certifications can also be conducted at your facility!*

*For more information call Ray Mayhew 614.563.6381*
